Because data can be really misleading. If poverty, however caused, is preventing families offering an appropriate standard of care to their children we should be stating that unequivocally and doing our best to ensure families get the help they need.

They know that many of those they support experience poverty and deprivation. This goes back to the critique by Easterly and Angus Deaton – that oppressive regimes twist the incentives in every direction. So, somehow or other, if you are going to invest money into the schools, you need to invest money into the parents. And then being able to demonstrate that, either to be in other county in Liberia, like, there's two counties already involved, or even across to the diaspora from Liberia that's in the United States. I would do it based on the initiative that people. And we think he's a predatory she ended up getting pregnant by this guy who would beat her

up.
