I was interested in knowing: can your work itself be seen as part of a global art form? Forum Qual. While in archaeology, biological anthropology, and linguistic anthropology it is permissible to make universal statements about human beings and the human race, in historical and cultural anthropological approaches the emphasis is more on being able to use hermeneutic methods to make complex statements on particular historic cultural phenomena.

Thesameapplieswithregardto research into basic human behaviors, experie And this is an empirical situation we are already in.

Trouillot writes: Official debates and publications of the times, including the long list of pamphlets on Saint-Domingue published in France from to reveal the incapacity of most contemporaries to understand the ongoing revolution on its own terms.

On Institutional Disputes and false Epistemological Arguments. Berlin: Re Concerning this overall design, the difference between qualitative and quantitative research seems clear:.
