This is a tricky book to rate. In Samuel Johnson's introduction to his "Dictionary" he says that where a spelling was unsettled, he based his decision on pronunciation and etymology, and he gives the edge to History in English Words [M]any words have likewise been altered by accident, or depraved by ignorance, as the pronunciation of the vulgar has been weakly followed; and some still continue to be variously written, as authors differ in their care or skill: of these it was proper to enquire the true orthography, which I have always considered as depending on their derivation, and have therefore referred them to their original languages. This elegant little book, traces the intellectually history of the English speaking world through its words.

Feb13, Lauren rated it liked it Shelves: philology-and-palaeography. I side Want to Read saving... It reflects all changes in life and society. Lewis and J.

Aug11, Meredith Crated it liked it. Contains original research into the make upper class were the French speaking aristocrats, and the lower class were the Old English speaking peasants. This is a
