History at your fingertips. Adults can guide children in developing these social and emotional skills.

Helping your teen understand their core values creates that crucial bond and

There is also a well-regarded program called Summer Search that helps low-income high school students to take part in contemplative practices as well as service learning, travel, and wilderness trips. What drives us to question? Parents may feel an increase in stress, tension and confusion when they have conflicting values and they may send mixed or confusing messages to their children.

As they grow, we encourage them to understand how their actions affect. The idea is to determine if your time is actually being spent on your priorities.
