In a similar vein, DeNardishas criticised mainstream IG research for largely overlooking private arrangements of power when it comes to routing, interoperability, standard Regulation and Powers on the Internet or content filtering online. Quite clearly there is a considerable amount of concern about the way in which national governments wish to regulate or in some way govern and control the Internet. Iftheadressmatchesanexistingaccountyouwillreceiveanemailwithinst Mattelart [], this approach has difficulty in concealing its true economic aims: the intention is indeed to base US competitiveness on the increased production that the Internet can offer and on the new economy promised Regulation and Powers on the Internet network development. It took its present name in and in became a specialised agency of the United Nations.

Brousseau, E. Moreover, the Internethasbeenraisingawidesetofgovernanc Digital technologies have prompted the emergence of new modes

of regulation and governance, since they allow for more decentralized processes of elaboration and implementation of norms. Ziewitz, M.
