**Non-programmed Decisions:** Non-programmed decisions are those decisions that are taken in response to unstructured problems.

**Environmental relationships:** The system offers employees and employers an efficient way of organising the store. They have been successful to the extent that there is nothing stopping them from going forward.

Wal-Mart being so enormous has extraordinary power to shape global labor markets. Behind the Counter. In this case if the manager who makes the decision took the needed input from a lawyer who is a member of his personal network the situation could have been vary change as the one that has been experienced by the manager.
